The first professional meeting of charter members was November 30, 1949, after preliminary work by Floyd Brownell, Frank Bradt, and many other officials. Floyd canvassed every business man in the community proposing membership. Six provisional meetings were held, where committees were named and plans made for charter night. Charter Night was held on January 18, 1950 at the Towers Hotel with 18 clubs represented by 123 visitors. The sponsoring club, Gloversville, had 27, Johnstown 24, North Creek 18 and South Glens Falls 14.

ROTARY INTERNATIONAL

Rotary started with the vision of one man — Paul Harris. The Chicago attorney formed the Rotary Club of Chicago on 23 February 1905, so professionals with diverse backgrounds could exchange ideas and form meaningful, lifelong friendships. **Over time, Rotary’s reach and vision gradually extended to humanitarian service. Members have a long track record of addressing challenges in their communities and around the world.**

Blowers, Simons Saved Three From Drowning in Reservoir

The club officials were authorized to request the Red Cross and Carnegie Foundation to provide some suitable recognition for the work of the two boys. They performed both feats at some risk to themselves. Blowers assisted by Simons rescued two boys last week, after they had fallen from a culvert from which they had been fishing. A third was rescued recently.

SKIFF FIELD

was located between Skiff Road and 7 Hills Road where the Conservation Department building is now located. There was lots of action there for many years. It was probably best known for the baseball games played there by area baseball teams which included Northville's AA team. It was also known to host rodeos, 4th of July fireworks, concerts and local school athletic practice field. In the 40s and 50s the Northville Central School athletic fields were off limits to playing on Sundays, so teams (and kids) would practice on Skiff Field.
